PROFESSIONAL EXPERIENCE

Cole Computer Services – Bonney Lake, WA

9/2018 – Present

Web Developer

- Designed & Developed mobile ready websites for various clients.
- Created logos and other marketing materials.
- Created websites for various clients including My Big Sisters Shoes Boutique, Walltek Construction, Paver Tool, Utec Metals and other various clients.

Diono – Sumner, WA

1/2018 – 8/2018

Web Developer/eCommerce Merchandiser

- Managed inventory for over 5 global territories with over 300 products by inputting data including SKUs, product images, descriptions, pricing structures, shipping zones and other important data needed to run an efficient eCommerce platform.
- Made sure Diono's website was up and running successfully with a 99.9% uptime rate by being the point of contact for website issues. My role developed into webmaster & internal help desk for website related matters.

- Created landing pages for marketing splash pages and worked closely on Ad Campaigns.
- Refreshed the website when necessary for new product launches and other various campaigns when needed.
- Created web banners and other various marketing materials when needed.

Freelance – Auburn, WA

10/2011 – 1/2018

Web Developer & Marketing

- Designed & Developed mobile ready websites on the WordPress framework.
- Provided A la Carte services for companies such as Luxe Baby Los Angeles, My Blanke, Paci Plushies and other various juvenile industry brands.
- Created logos and other marketing materials.
- Created User experience graphics for mobile games for the Android & Amazon marketplace.
